“Splendor of the East” May 14th, 2005 at the Southfield Millennium Center Highlights Exceptional Talent

Southfield, MI – “Splendor of the East” is Saturday, May 14th, 2005, 6:30pm-8pm.

“Splendor of the East” is featuring a special vocalist with a special gift. His name is Jonathon Badon. Johnathon is not only an excellent singer but also a composer who has won major awards in the Phillipines, the latest one being “Best Song” for a movie released in 2004. He also won “Best Music Performer” that same year. These awards are equivalent to the US’s famed “Oscar’s.”

With his formal classical training, Jonathan has successfully bridged over to popular music. After graduation in Bachelor of Music in voice, he went on to perform solo concerts all over the Phillipines and USA (this is his second US tour) to sold out audiences, winning major roles in musicals and opera in several countries as in Asia, (Malaysia, Singapore, Vietnam etc.). Jonathon has auditioned for major roles just to prove he can make it and declining those roles afterwards, favoring solo concerts instead.

Please join us and experience Jonathon Badon live at CAPA’s Splendor of the East!
